BRIEF REPORT: As a part of Academics, Biotechnology department has organised an educational tour to Chandrika Pearl farming & Training Centre, Peddapolamada(V), Tadipatri(M), Anantapuarmu (D). Mr A. Nagaraju, Founder and trainer of the institute was generous to educate children in rearing, surgery and collection of pearls from oysters.

Pearl is considered as a natural gem produced from molluscs. Pearls are the most beautiful gems available and their stunningly aesthetic beauty is the reason why they are so popular around the world.

PEARL - OYSTERS
