About FDP

The program aims to equip the participants with the knowledge on Cyber Security. This program focuses on providing insights into modern cyber threats, defense mechanisms, ethical hacking, network security, and the latest trends in cyber security laws.

Learning Objectives:

- To provide faculty members with a comprehensive understanding of cyber security concepts.
- To enhance awareness about emerging cyber threats and preventive measures.
- To train faculty in practical approaches such as ethical hacking and penetration testing.
- To familiarize in participants with national and international cyber laws.
- To encourage research and academic initiatives in cyber security.

Resource Person

Mr. D. Sai Satheesh

The resource person for the FDP is Dr. D. Sai Satish a prominent Indian entrepreneur, cybersecurity expert, and the Founder and CEO of Indian Servers, an IT services and cloud computing company headquartered at Vijayawada, Andhra Pradesh. He has 10+ years of experience in training faculty and students of various colleges and universities through out India.

More about the Resource person is available at: <https://in.linkedin.com/in/indianservers>

Program Schedule

The FDP is planned for 2 days, with hands on sessions covering both theory and practical aspects of cyber security.

Day 1(12.07.2025)

- Introduction to Cyber Security and Emerging Threat
- Network Security and Cryptography
- Ethical Hacking and Penetration Testing

Day 2(13.07.2025)

- Cyber Laws, Policies, and Case Studies
- Hands-on Workshop, Assessments, and Feedback
