POSTER PRESENTATION
ON
APPLICATIONS OF MATHEMATICS IN VARIOUS DISCIPLINES

Description of the programme:

The department of Mathematics has organized Poster Presentation on applications of Mathematics in various disciplines. In this connection all students participated in the poster presentation enthusiastically and presented their posters which describes applications of mathematics in various fields. The department has invited T. Ashok Kumar, senior lecturer in Government Junior college, Kurnool as Chief guest.

Date: **21-12-2022**

Number of Posters Presented in this event: **48**

Gist of the Programme:

The Poster Presentation Competition was organized on 21st December 2022 on the occasion of National Mathematics Day. Every year, on the occasion of birth anniversary of great Mathematician Srinivasa Ramanujan is celebrated as National Mathematics Day in India. Nearly 60 students from the classes of B.Sc, B.B.A, B.Com, B.Z.C had participated.

Inauguration of the competition was done by our Principal Dr.K.Shantha, Vice Principal Dr.C.V.Satyanarayana, Chief guest T.Ashok Kumar. All faculty and students of the college visited the competition. Our college Dean of Administration, Y.Showrilu Reddy appreciated the students for their efforts shown in poster presentation and also guided them. HOD's of all departments, teaching staff wholeheartedly encouraged the students' efforts in preparing the poster and provided valuable feedback.

The Chief guest listened to all the poster presentations and encourage the students for doing a wonderful work. He diligently evaluated each poster and announced the following students as the winners for their poster presentations.

Prize Winners:

First Prize	: 1. N. Swetha	III MSCs-B
	: 2. K.Nikitha	III MSCs-B
Second Prize	:1. S.G.Gayathri	II MSCs-A
	:2. G.Swathi	II MSCs-A
Third Prize:	:1. V.Geethanjali	II B.Com-B
	:2. A.Harika	II B.Com-B

Objectives of the Programme:

1. The main objective of this event is to helps the student to improve the mathematical understanding of his environment and correlate mathematics to life and various fields of science such as Physics, Chemistry Technology and Economics.

Outcomes:

1. The student able to focus on extending the mathematical skills by exhibiting the effective posters and presenting the various applications in all disciplines.
2. It gives a chance to students have a better way of understanding or interpreting information.
3. It helps to develop skills such as analyzing data, seeking evidence, recognizing patterns every day and also correlate mathematics to other fields.
