**POSTER
PRESENTATION
COMPETITION**

on

16 NOVEMBER, 2022

organized by

**DEPARTMENT OF
STATISTICS**

Gist

Objectives of Program

- To have a good choice of charts, graphs, and data representation contributes towards a more effective poster presentation.
- To Examine the knowledge of the participants within academics as well as beyond academics from this poster presentations.
- To Inspect the Student Communication skills and Conversation skills with other students.

About Program

Poster presentations are often used to assess student learning from student individual and group research projects and often used at scientific conferences. Sometimes a poster session is better than an oral presentation due to time constraints in the latter. During a typical oral presentation you will have 10-15 minutes for questions and comments while a poster session typically lasts several hours, allowing for more in-depth discussions. Moreover, not all people will manage to make it to your oral presentation because there will probably be concurrent tracks. The title of this poster presentation “**Ambit of Stats**” has a new personality and a redefined user experience that improves Subject knowledge.

Date: 16 Nov 2022

Venue: St.Joseph’s Degree College, Kurnool

Chief Guest: Dr.Y.Raghunatha reddy, Asst. professor,

Dept of OR &SQC, Rayalaseema university, Kurnool

Time: 2:30 pm

We the department of Statistics had conducted Poster presentation competition to encourage the statistical knowledge to the B.SC MSCS students. **Our Sincere gratitude to Botany department for providing lab.** Students are enthusiastically participated and the program was celebrated smoothly and in delightful way. Some of the Students were done beautiful presentation and awarded with prizes by the Chief Guest .

First Prize: S.Nusrath Asra & S.Shabana (II MSCS B)

Second Prize: CH.Ashmitha shirley & A.Jameema Jacob (III MSCS B)

Target Participants:

➤ Total No. of Participants: 44

Outcomes of the Program

1. From this poster session Students are benefit a lot from discussing their Statistical ideas with other Students from the same field.
2. Poster sessions offer the opportunity to practice presentation skills. One advantage of presenting a poster is that it enables you to try explaining a concept in different ways, and see which explanation is most well received.
