

AIDS Awareness Program

Date: 01-12-2023

Venue: Mamidalapadu Village, Kurnool

Organized by: Department of Zoology, St. Joseph's Degree College

The Department of Zoology, St. Joseph's Degree College, organized an AIDS awareness program in Mamidalapadu Village in connection with World AIDS Day. The event aimed to educate villagers on HIV/AIDS, its prevention, and the importance of breaking stigma.

Students performed skits, dances, and songs to spread awareness, delivering strong messages on safe practices and early detection. Faculty members provided additional insights, answering questions and clearing misconceptions.

The program was a success, effectively engaging the community and raising awareness about AIDS through creative performances and informative discussions.
