

CPR

YRC of St.Joseph's Degree College in collaboration with Indian Red Cross organized CPR training for the students in the college premises . This training has provided the knowledge to the students about the life saving techniques for emergency situations like cardiac arrest.This session was very informative as demo was also given to the students about the steps to be followed to take the situation of the patient in control before he/she is taken to the hospital Dr.Sreenivas and Dr. Madhavi explained theoretically also.They were appreciated for their efforts of educating the students about the CPR and were felicitated by the members of YRC.
