

Healthy Body - Healthy Life

Medical Camp for Girls

The School of Life Sciences, St. Joseph's Degree College, Kurnool, organized a medical camp titled "Healthy Body - Healthy Life" from 25th to 28th September 2024. The primary objective of the camp was to promote health awareness among female students and provide screening for hemoglobin levels, blood pressure, and Body Mass Index (BMI), essential parameters to assess overall health and identify potential health issues.
